

North Pole Mail

Merry Christmas! Thank you for writing to me, I enjoyed your letter and all the things you shared.

The elves and I are busy here at the North Pole, working hard to get ready for Christmas. Miss Claus is also caring for all the reindeer, making sure they're in their best health for the long journey ahead. It's quite a way to travel across the world in one night!

Keep being kind to stay on my nice list and please leave some food out for the reindeer!

Warmest wishes,

Santa Claus
